<p>Summary of Content: This audio program for beginners consists of a book to be used with cassettes or CDs. It is designed for the learner who is traveling to France, receiving French People to his (her) home or simply studying for general interests. The student is immediately involved in Speaking, Pronunciation and Grammar practices with the use of lively and authentic recordings of French native speakers. The method encourages the learner to pronounce simple phrases out loud. The grammar is narrowed to the basics and clearly explained in everyday terms. Information about the customs and lifestyle of French speakers throughout the world is also provided. Each chapter is colorfully illustrated and presents vocabulary, pronunciation notes, scripts of audio conversations with practice exercises, useful sentences and cross-cultural information. A review section, a grammar summary, essential vocabulary (basic numbers, word and phrases) and an index are provided at the end of the book.</p>	
<p>Level: Basic User (level 1): A1</p>	
<p>Public: FLE learners, adults and young adults, travelers with no or little knowledge of French.</p>	

Teaching suggestions: Very good supplement for Beginner Language courses (Connexions 1) and Beginner Conversation courses.
