<p>Summary of Content: This reference manual (Part I) written entirely in French consists of alphabetical lists of verbs, adjectives and locutions that require the use of the preposition “à” or “de.” The use of a particular preposition with a given term or expression is demonstrated by examples. This resource, meant to be used as a reference tool, focuses on areas of difficulty. While some of the words may be understood by the beginner students (level 1, 2), the selected vocabulary is more suited for students at the intermediate or advanced level. The book contains common verbs, adjectives and expressions as well as some that are strictly literary or colloquial. It is designed to be used with the second volume (Part II) which contains application exercises with answer keys.</p>
